This newsletter is confidential and/or legally privileged. It is intended only for the use of ex-ASA veterans. If you are not an intended recipient of this message, please notify the sender immediately and delete the material from any computer. Thank you. **Elder RC Green - -gH -----**

Please Fly the Flag on 9/11 - Every ex-ASAer should make it their duty to display an American flag on this fifth anniversary of our country's worst tragedy. In the days, weeks and months following 9/11, our country was bathed in American flags as citizens mourned the incredible losses and stood shoulder-to-shoulder against terrorism. Sadly, those flags have all but disappeared. Our patriotism pulled us through some tough times and it shouldn't take another attack to galvanize us in solidarity. Our American flag is the fabric of our country and together we can prevail over terrorism of all kinds. Take a moment to think back to how you felt on 9/11 and let those sentiments guide you. Honestly, we should fly the Stars and Stripes year-round, but if you don't, then at least make it a priority on 9/11..

The above photo was taken at the Arundel Mills Medieval Times dinner and tournament depicting what it was like inside an 11th – century style castle. The ads say that it is one of the most popular dinner attractions in North America. We capped off a long day of Patty shopping at the huge Arundel Mills Mall with a 4-course medieval feast with no silverware and watched the colorful knights on horseback compete in jousting games and sword fights that glittered the arena with sparks a flying. We thoroughly enjoyed this Medieval attractions and recommend it to everyone. We are seriously thinking of going to the 26 August – 22 October 2006 Maryland Renaissance Festival at Crownsville, MD of jousting, feasting, music, dancing, crafts and fun. Go to www.rennfest.com for the details.

PHOTO'S OF EX-ASA TURKEY VETS AT THE 2006 ASA PICNIC AT BLOBS PARK IN JESSUP, Maryland on 5 August.

This is Peddie Adams, the one who designed the Det 27 logo patch that he has attached to his shirt. He wears his Det 27 hat with pride

To the right is Phil and Jean Feick from 84, Pennsylvania. Phil served as the Manager of the Manzarali Officers Club 1964-67

Surprise, surprise for Patty and me, We hadn't heard from Pete Gritis in a long time and found the reason – He was on a honeymoon with his new wife, Ann. Pete is 86 years young and is thoroughly enjoying life as depicted in his smile. Pete was the first Ops O at Det 27, 59-61. After Turkey Pete and his family travelled by car to Bad Aibling where he served as the Ops O and where I was working in the T/A section

To the right is Herb and Sandra Hollowell from Virginia Beach, VA. Herb was one of the 32 ditty-boppers who thought that they would have a great tour of duty in Germany until they were alerted for reassignment during the Lebanon Crises in 1958.

To the right is Dick and Cathy Funkhouser from Broadway, VA. Dick worked for me at Bad Aibling 61-63. Dick has not changed in his mannerisms and speech. Dick served at Det 4 as a 982 where he was promoted to E7.

Bill "Dumbo" Binney & Patty Green
Bill is a retired DISL-14 (Defense Intelligence Senior Level) from NSA. A DISL-14 is equivalent to the old GS-17 or that of a 2-star general. We have been friends with Dumbo since 1967. He is a native of Reynoldsville, PA and now lives in Severn, MD

This is Tony and Valerie Antonello. Tony served at Det 27 and also at Det 4, I served with Tony at Chitose, Japan, Manzarali Station and at Field Station Berlin. Tony retired as a Sgt Major with 30 years active duty.

To the right is Tom Langenfeld and Patty Green. I was the First Sgt of Co A Field Station Berlin and Tom was the company commander. At that time Co A was the largest co level unit in the US Army. We have been friends with Tom since 1974. Tom was a captain then and retired as a Lt Colonel.

I am wondering if you might have any photos of him from when you knew him, or maybe even a short story. He had told me a couple of things of the time he spent in Turkey as a radio spy. Joe worked in the mental health field for most of his life, and I am proud of the work he has done. He founded the Askelapeon foundation, worked with inmates, drug rehab, directed a mental health facility and last worked for Jefferson County Health Dept in St Louis assisting people with severe head injuries. He passed away on 25 June 2004 from cancer, surrounded by family and friends. He received a military funeral and is resting in St Louis Veterans cemetery. Thank you, Greg Vinovich, nvinovic@oxhp.com

LET ME KNOW,,,,,

When a BIO or remembrance is issued and it stimulates your interest, let me hear from you..Too much to do to go into details? I still want to hear from you - - just a few simple words will do and a conscious effort to remember those days. Take just a couple minutes to jot down those memories. I've spent an incredible amount of time trying to locate ASA Turkey veteran's on switchboard.com. "Someyear" and "one of these years" are words that lose their grip on my vocabulary. If it's worth attending, do it this year. I'm not sure what others would've done had they known they wouldn't be here the following year that we all take for granted. I think they would have. I'm guessing; I'll never know, butLook, the 2006 ASA Turkey reunion is being held in the mid-west at Fort Mitchell, Kentucky and would be a good time to meet old and make new friends who served in Turkey.

2006 ASA TURKEY REUNION

Please note that retired Major General Rod Isler and his wife Kyuhee will be present at the 2006 reunion. For those of you not familiar with Rod Isler – well Rod served at Det 4-4, 1968-1970 as a ditty-bopper SP5 who rotated to Vint Hill Farms and then went to OCS.

If you are one of the big time procrastinators that have now decided at the last minute to attend the reunion – call me at 724-349-7395 or send me a email at asagreenhornet@yahoo.com and you will be added to any of the planned activities.

THE ATTIRE FOR THE REUNION IS INFORMAL, BUT IN GOOD TASTE. Bring your memorabilia (albums, slides, patches, etc) with you and display in the hospitality room which will be secure and open for the entire reunion. Thanks- -gH

UNSUNG HEROES OF THE COLD WAR COME TO NKY

Fort Mitchell, KY/August 30, 2006—A military branch that served an important purpose during the Cold War will relive life behind the scenes as members of the Army Security Agency (ASA) reminisce September 13-17 at the Drawbridge Inn.

This ASA unit served in the nation of Turkey from 1955 to 1995 and monitored Soviet military units, satellite and space transmissions. Reunion organizer Elder Green says if it sounds like these military men were smart, it was because they were.

“Most of the men were trained at Fort Devens, Massachusetts. Others received Russian linguistic instruction in Monterey, CA. In order to become part of the ASA, you had to test within the top ten percent of the Army.”

While here the nearly 100 visitors will take in local sites such as the Air Force Museum, Hofbrauhaus Newport and BB Riverboats. For more information, contact

Green via email: asagreenhornet@yahoo.com. or contact Hal Winkler of Cincinnati at

I was explaining to Phil Feick how different the regular army seemed... I had about a two week layover before heading to Japan (base just outside san fran that was a repo depot for guys heading to nam mostly)... took me a few moments to realize that my Sgt stripes gave me some status... but so did corporal stripes... could not believe that some of the hard striperes walked around with swagger sticks... yikes... but they were nco's I guess... I'll get back at ya

AINES, Donald S YOB 1926 CPT AGC Adj Det 4, AU60-AU61, (Marjorie), 11772 Woodlea Dr, Waynesboro, PA 17268, 717-762-2619, no email, Ret COL.

Colonel Donald S. Aines regrets that he and Marjorie will not be able to attend the 2006 reunion in Northern Kentucky because of health problems. Colonel Aines wrote his memoirs titled Win, Draw, Lose and will gladly send a copy to any Det 4 veteran who requests a copy. Aines served only 1 year with the ASA and it was at Det 4 where he was the Adjutant and XO. In his book he devotes an entire chapter to his year on the HILL. His year was loaded with events that that not many experienced, such as the Turk guard who was killed at the front gate and the crash of the Det 4 airplane. The commander was Lt Col John Cox who was concerned with the operational mission and left the running of the post to Aines to deal with Col Van Oosten who was the overall commander of ASA troops in Turkey. For additional information search the DOOL's for Aines 15 page write-up of his Det 4 experiences. Aines' memoir covers his military career of nearly 30 years. He saw combat service with the 9th Infantry Division during WWII ; the Korean War with the engineering battalion of the 1st Cavalry; a year service with HQ USARV in Vietnam; and 4 years with the 1st Infantry Division in Europe and the U.S.. His final assignment was as chief of the Army Casualty Division during the release of the POW/MIA's at the end of U.S. involvement in Vietnam.

I just tried to call you and no answer..... I am Charles H. Bintliff Det 27 1962 – 1963. My best friendFrancis W. Fawcett (Frank) while I was at Det-27 has gone missing all these years.... Well I have tracked him down just today.... He is in California and is on vacation.... I am assured that my message to contact him has been sent to him and that he will receive it when he returns.... I of course want to put him in touch with you.....[This Fawcett was aka Henry Francis Fawcett and was a P2 Rumanian linguist and later wis an ordained Catholic priest]. Yes, with your help have contacted my buddy in school and at Det 27 Jack Bailey..... I have soooo many memories of men from school at Devens and in Turkey that sometimes my mind spins.... finding Frank has been a long time wish.... now soon to be fulfilled... I hope that this reaches you well and happy and safe..... as am I I hope that we can chat soon...

P S – Another name that comes to mind.....Robert Hall... he was at Sinop and was a 058.... We went to school together and he had visited me several times at Det 27..... Jack Bailey knew him also.... guess I need to ask Jack if he remembers him... I get my ASA life mixed with my CIA life..... names and faces blend together sometimes.... Sorry - Father Lavery is another name.. He was Catholic Priest US Army. would have not made it if not for him.....John Patrick

Healy... He was USAF Catholic priest in Ankara memories gulay gulay,

easier at that time. I have thought about riding my motorcycle and at least
attending the banquet and the Reds game sounds very good but also have to
have some other things come into place before I make a final decision. Let me
know if you are all attending. Time flies too fast, that is for sure. Will be there,
decision late but got my room and will see what else I can attend and send my

In the above photo Gary Dunnam, Victoria County, Texas Heritage director, presented a timeline of the 1892 Victoria County courthouse during a recent ceremony to unveil the new Texas State historical marker at the intersection of Constitution and Bridge streets, on the southeast corner of the courthouse block. Gary wrote the 287 word inscription for the new marker which covers the history of the square from platting in 1824, through the 1849 courthouse and the details of planning and building of the restored 1892 building. The last paragraph reads, "When the need for more space arose in 1961, residents petitioned to save the courthouse and the county built a new facility on the north side of the square. Work at the turn of the 21st Century largely restored the courthouse to its original design."

In an interview, Dunnam said, "The entire courthouse project was completed in the calendar year of 1892. By 1 June they were far enough along for a celebration attended by 7,000 people. The Masons marched around from their lodge on Forrest Street and leveled the cornerstone. They barbecued 34 head of assorted livestock. To view the news accounts – to to:

FEICK, Phil YOB 1943 RA E2-E5 71L Mgr 'O' Club HQ Co Det 27, NO64-MY67, (Jean), G346 Munntown Rd, Eighty Four, PA 15330, 724-941-0105, insmanpa@comcast.com - My father, Philip A. Feick, fought in the Battle of the Bulge and was one of those ordered by General Eisenhower to witness a Nazi death camp. He was a soldier in the 132d Ordnance Medium Maintenance Company, 84th "Railsplitters" Division and was one of the eye-witnesses at the scene, a few days after the massacre. His Dad wrote in a letter about "a Jewish massacre that took place on a farm near Gardelegen Germany. It was a pitiful sight to see. Many were packed on hay in a large barn and the hay was set on fire as they fired incendiary bullets into it. Many were mowed down with machine gun fire as they stood in line. We calculated almost 1800 bodies in all." According to Feick, the prisoners were "murdered here" in the field. Feick had arrived on the scene after the massacre, but was told by a Polish prisoner, who had survived by hiding under the bodies in the barn, that hundreds of the victims were lined up in the field and machine-gunned to death. On April 18, 1945, German citizens of Gardelegen began digging seven trenches for mass graves on the orders of General Frank A. Keating.

I grew up seeing pictures similar to these and hearing first hand of the Holocaust. Dad's testimony will live on as it is a matter of record. Many of the prisoners were slave laborers, working on high tech projects in Northwestern Germany, not to far from Berlin. Many were burned alive. You see their heads in the doorways where they breathed their last breath.

How many in today's world could comprehend such atrocities? Has America forgotten?

God bless our American Military!

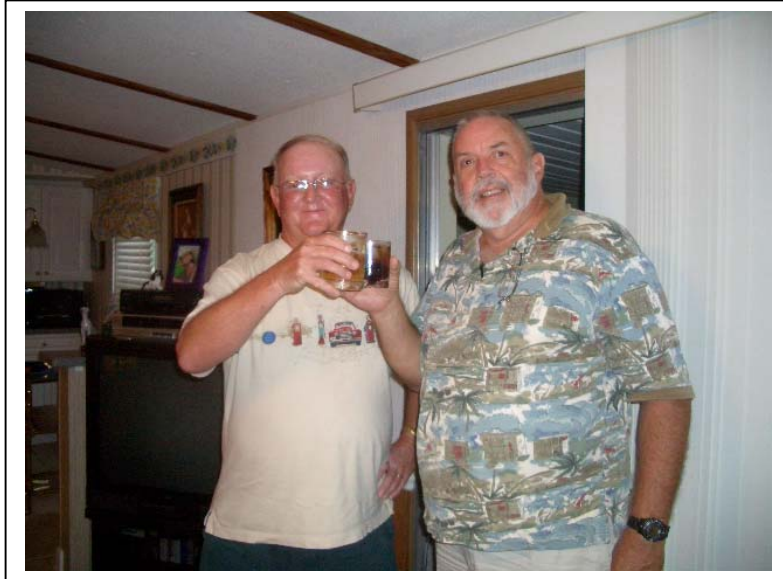

GARLAND, Noel, HQ ASA PACIFIC,

FYI. Below is yours truly working with his Logitech mini video cam, isnt it great, the picture that is? This is another test of the mini cam. Noel

HAMILTON, Marilyn, widow of Mark DOB: 1943 DOD 6 March 2006 E5 71B S4 Det 27, JL64-DE66, (Marilyn), 5891 Countryview Dr., Hamilton, OH 45011, 513-892-2270, mkhamilton76@fuse.net - [edited] The death of Mark hasl been so overwhelming for me. My son Matt and I shared some quality time together this summer on my days off before he left on 8 August for Fort Benning for basic training. I felt that was most important for both he and I . And it has been double loss for me to handle these life events. I believe I am doing ok but with all the paper work and settlement and soooooo many decisions to make I have not even settled the accident issues yet. Had hoped to make some trips to the Cleveland area and only had one that was a very busy visit. I would truely love to attend the ASA Turkey reunion and help out at what ever you think would be good and if you need me to do anything let me know. I have that weekend off, actually 15th 16th and 17th. If Chuck Bergmann wants to stop here to view anything/ or look into Mark's computer it would be ok This all meant so much to Mark and I am sad he will not be able to share as he was looking so forward to the event. He has lots in computer and he also has several CD's (however each one has something else on it also and those are family, vacations, other trip he took while in the ASA etc etc) I did not know where or how to begin and knew it would take more time than I had just now. I know only enough about the computer to get into trouble! Let me know about the planned events and if you need me to man a desk with a

lap top with photo etc I will certainly help. Hope we can touch base with one another soon Marilyn Hamilton

Luther Mac Jones was a very young 17 year old who turned 18 on base. What a night that was. There must of been 8 of us at the table and we bought Luther a drink for every one we bought ourselves. Hard to believe that great time was over 43 years ago.

Elder - Sandra and I were glad to finally meet you and Patty at the ASA Picnic. We visited the National Cryptologic Museum for almost 2 1/2 hours and had a great tour guide (Mr. McConnell).

After arriving at Frankfurt, Germany, I thought I was going to have an interesting life in Europe. Then after just a few days of enjoying the nightlife, I was one of the surprised ditty-bobbers who was given a shot, handed a rifle and told to get on a plane. I don't believe I had seen a rifle in 8-9 months. I thought, "Lebanon, here I come". That might have been a better option, as the troops were withdrawn after a few months. Then perhaps, I could have returned to Germany.

Anyway, after arriving in Ankara, a number of us had to ride in a small, narrow bus to Sinup. There was no leg room at all, and it was very hot. It was a long, long, ride. At one point during the ride, we heard a loud creaking sound. We couldn't imagine what was making the sound. After rounding a curve, we saw an ox in a yoke, walking in a circle, pulling a grist mill. We then figured the Turkish people were at east 100 years behind the US.

On the Hill, the duty hours were the best part of the day. The Russians were not very fast, but sometimes hid the sigals next to radio stations. Some nights when we were working mids and traffic was clear and light, we could sit with a leg up on the table on either side of the Mill, drink coffee and smoke cigarettes with one hand and type with the other, and listen to dit-dahs in one ear, and music from the BBC in the other. The attitude was pretty laid back most of the time.

Other times, we might be awakened at night to go and find a signal when they all switched frequencies and they were getting ready to send an ICBM (5,000 miles) or send up a Sputnik.

We all had the Turkey Trots year round. We had unlimited substitution in our softball games. We were always leaving the field and running to an outhouse. Then we would come back and retake our position in the field.

It was a good feeling knowing we were doing something of importance and competing with the Russians. Our ability to copy was a hell of a lot better the their guys. We would often hear . - - - - - from an outpost, asking the sender to repeat, and we had no problem in getting the message right the first time.

After Turkey, I went to Fort Bragg and copied the Cubans. Their signals were very loud but they could send very fast (30-40 wpm). I was very lucky to go TDY to Homestead AFB in the summer of '60. That was a great life, living in two man rooms that were like a hotel. Even better was driving a deuce and a half or three quarter truck into Miami Beach every night. What more could a young single man want.

After completing my three years in the Fall of '60, I went back to college, graduated from Old Dominion University (College then) with a Business Management major. A year later I married my beautiful wife, Sandra and we had two great daughters. I sold life insurance and mutual funds and did estate planning as a career, and played golf whenever possible. We now have three wonderful grandsons whom we see whenever we can.

[edited] I was indeed planning to come to the 2006 reunion, but my doctor said no. In fact, I will be in surgery on 13 September as the Doc says I cannot put off if I want to go to the 2007 reunion. However, I got a lot more info on the SP/4 James Tom Davis story including the names of his CO and the Davis Station Commander. So I am working on updating the story and will get it off to you soon so you can put it in the next DOOL if you want to or read it at the Reunion. Lowell J. Mix

MOBERLEY, Lawrence R (Larry) CPT-MAJ, OPns O., Det 4, JN65-JN66, Opns O, (Beth), 3600 Elderberry PI, Fairfax, VA 22033, 703-437-3459, marvel44@aol.com Ret LtCol - Contacted on 6 August 2006. Claude Vannoy mentioned Larry Moberley in a recent email. Larry Moberley enlisted in the Army in January 1956. Took Basic at Fort Ord, then onto Fort Devens for ditty-bop training.. After being awarded 058 as his PMOS was sent to Okinawa and duty with the 86th SOU and then the 3rd USASAFS in Okinawa. From there he went to OCS at Fort Benning and was commissioned a 2LT in SigC AS. First assignment was with the 319th in Kassel/Rothwestern. Other assignments were to the NSA at Fort Meade, Fort Devens, Det 4, Bad Aibling, Frankfurt, Arlington Hall, the 509th in Viet Nam and Phu Bai, and lastly to Vint Hill Farms where he retired on 1 July 1975 as a Lt Col. He remembers the following from his tour at Det 4: Ken Perkins (deceased), Raymond Jacques, Tom Wiedeman and Jerry Cody who replaced him as Ops O at Sinop.

PAULEY, Robert S., YOB: 1952, CPT Inf Public Affairs Officer Det 4, OC86-JL87, (Christine), 1324 Red Oak Plantation Dr., Ballwin, MO 63021, pauley6@juno.com - I was the the PAO at Sinop from 1986 to 1987, (Captain Bob Pauley, INF). I never see any alum from the 80's in the DOOL's. I wish more would connect with your web page. I would really enjoy reconnecting with them. I can't imagine that Col. Bill Walters, CO when I was there is not involved with your web site. I can't believe you knew Bill Walters. Colonel Walters and I got along fine as long as I didn't wear any Dallas Cowboy jerseys at the DOOM. Everyone definately knew he was the Commanding Officer - He was tough but fair and always an officer and gentleman. I don't think I can make the 2006

reunion but maybe in 2007. I sure wish some of the soldiers and sailors I served with on the Hill were active on this site. Please keep sending me The Days of Our Lives - reading the stories and seeing the pictures bring back many fond memories. As the PAO I took lots of pictures and still have them somewhere in a box in my garage. I am going to look for them and send them to you. Have a great time at the reunion -I would like a set of those ASA Turkey patches. Keep up the good work and thank you for keeping the Hill alive for all of us.

PEAVLER, Lloyd Eugene (Gene) YOB 1942 E3 059 Det 4, JA62-DE62, (Carol), 1604 W Mimosa St., Rogers, AR 72758, 479-246-0087, peavler@earthlink.net - I won't be able to attend the 2006 reunion. I have been a member of the American Legion Post 100 (Rogers, AR), Honor Guard for 4 years now. We do anywhere from 80 - 100 Honor Guard services per year. I was really amazed at the lack of respect that people display. We were lined up one day standing at attention as the coffin was being brought into the Mausoleum when one of the Pall bearers cell phone started ringing. I had the honor of going to the local Elementary schools and talked to the 5th graders about Americanism. They really do want to know, they just aren't taught a whole lot about the Flag, what it stands for or anything else about the History Flag. It never ceases to amaze me how our Congress can vote down keeping our Flag from being abused. In fact this time, - one of the Senators who helped adopt the Flag amendment, then turned around and voted against it. He is also from ARKANSAS. Needless to say he has lost a lot of votes this time. Anyway, I guess I just wanted to let off a little steam, and your Newsletter is a good way to do it.

We were among first advance group to Sinop back in 1955 - 1956. Our small group built the original facility. I left there in Dec. 1956 traveling in a blinding snow storm by 2 1/2 ton truck convoy to Ankara over the mountains. A trip I will never forget. It is a miracle we made it!! Never have been so cold in my life!! Base looks almost civilized by 1958-59 hi hi!! I have quite a few pictures of the base as it was originally built along with several pictures of our small staff. Only about 60 guys at that time. I got a chuckle out of the picture of Sinop International Airport with the water buffalo oxen cart!! Typical transportation !! We landed L-19's on the beach. During the winter we had NO contact with the outside world except via radio. I think I served with Phil Hotton at Sinop. I also served at Rothweston FS 17 near Kassel Germany prior to my tour at Sinop, Tuslog 4.

ROBERTS, Floyd E., YOB: 1938 E3-E4, 058 Det 4, 58, (Marilyn), 1995 11th Ave., Friendship, WI 53934, 608-339-9012, afhs1956@verizon.net - [edited] Now, if a reunion of those sent to Det 4 during the 1958 Lebanon crisis could be arranged, THAT I would be interested in: I do have some addresses and I did contact a few of these guys in the past. I'll do a bit of checking and let you know.

I thought I'd try to find the former members of the ASA who were transferred to Sinop during the Lebanon crisis of 1958, but I suspect you already have at least some of their addresses and phone numbers. Therefore, in order to spare me some wasted effort and, believe me, it sometimes takes a lot of effort to find people, I would appreciate it if you could send me whatever addresses and telephone numbers you have on these attached names. I did find and call Ken Steinmetz in Bloomer, WI and we talked for quite awhile. He did not have any information on the others and he does not use a computer or the Internet. I've had Bob Yeo's address for quite some time.

Also, I do have a different personal website now. It is <http://www.floydroberts.net/> My ISP, Verizon DSL, does not support my MS FrontPage program.

[I sent Floyd the names and phone numbers of those 058's who were sent TDY from Germany to Sinop during the 1958 Lebanon crisis and am hoping that he can contact them and also search for the others.]

SAUKAS, Joe E4-E5 981 Det 4, 60-61, (Diane), Woodstock, MD 21042, 410-418-9399, jfsaukas@yahoo.com - FYI We have moved into a CONDO in Woodstock Md. Sold our house and downsizing. Becasue of MANY IPS problems with in the CONDO area both Diane and I are swiching to YAHOO for E-mail. Diane is still using her sdaine1011@yahoo and I am using my old YAHOO addresss jfsaukas@yahoo.

Our COMCAST accounts was still good but we have set thing up that all mail will be going to YAHOO now, so just use the yahoo email address.

Diane broken foot is still getting better, still puff up during the day. My new knee is also coming along. I now walk with a cane outside but inside move with out it. It will be a long time (weeks) before I feel Ok to go outside without a cane. I drove around the CONDO yesterday for the first time in a month. We are planning to head south in the first part of Oct. In 2007 NO DOCTORS up north...

He will be joining his fellow servicemen and women, to carry out "Operation Iraqi Freedom". Shawn is serving with the 10th Mountain Division, 2nd Brigade Special Troops Battalion from Fort Drum, NY. Camp Stryker is located in southwest Baghdad. He anticipates a 18 month tour of duty. The seriousness of his mission has been foremost in our mind. It is with extreme pride and the utmost admiration that we support his courageous and loyal duty to serve our Country. We too can serve our Country by supporting our troops. I am asking that at the same time every single day, we all pray for Shawn

and our military. Starting on August 13th at 6 o'clock in the evening, in your own way of prayer or thought remember them. Remember where they are and what they are doing. Shawn knows that we are doing this, knowing that he is being supported by family and friends is meaningful and will help strengthen him. The amount of communication between Shawn and home is expected to be very limited. I will send occasional updates. If you would like to contact Shawn, his e-mail address is shawn.armstrong@usarmy.mil, however, I do not know when his e-mail will be activated. I will forward his mailing address, as soon as I receive it. As I write this letter, I think of the courage, dedication, and personal sacrifice that all of our soldiers make serving our country and securing our freedom. Knowing that Shawn is one of those loyal souls, makes me realize how much of a privilege it is to call ourselves a soldier's grandparents. .God Bless,

At this point I would say the odds are in favor of both Sid and I going. At the least I plan to drive over to "Cincy" for a day to say "hey" to everybody. Phil T.
