

# DAYS OF OUR LIVES #178

## MAIL-call - PRESERVING FORGOTTEN MEMORIES

Your memoirs are most welcome to the ASA Turkey DAYS OF OUR LIVES and is an effort on my part to preserve the stories and memories of Army Security Agency veterans who served in Turkey during the cold war. My goal is to collect and to preserve the stories -- Someday someone, perhaps the grandkids or great grandkids or genealogy buffs will want to know what we did in our early lifetime. Life has a way of accelerating as we get older. The days get shorter, and the list of promises to ourselves gets longer. Most of us live on a sparse diet of promises we make to ourselves when all the conditions are perfect! One morning, we awaken, and all we have to show for our lives is a litany of "I'm going to," "I plan on," and "Someday, when things are settled down a bit." –

Please note that the monthly DOOL is in adobe PDF format and to copy an individual entry – . If anyone desires only a particular entry –, hi-lite the “select” button at the top of the PDF file, then move the mouse over the area desired with the left mouse button depressed. Ctrl “C” will copy to the clipboard & Ctrl “V” will paste the text into another document. If that doesn’t work - send me an email ([asagreenhornet@yahoo.com](mailto:asagreenhornet@yahoo.com)) and I will send that entry to you. When you send an email to me - PLEASE include the word ASA in the subject line to insure that I open it and not mistake it for SPAM.

This photo was taken on my 71<sup>st</sup> birthday at the top of the world's steepest vehicular incline plane in Westmont, PA where our youngest son lives. The panoramic view of the city of Johnstown is breathtaking and the meeting of the Little Conemaugh and Stony Creek rivers to form the Conemaugh River and duplicates the 3 rivers in Pittsburgh. Not too many people stand near the railings because of the overhang. There is a 150 seat restaurant to the right in this photo and the view is great from every seat. This incline is synonymous with Johnstown and its historic floods, the first being in 1889 when over 2200 people lost their life in the flood. In front of us there is a 30'X60' US Flag flying on a 125' flagpole. Nearby is the Grandview Cemetery where the unknowns of the flood are buried. It is one of the best maintained cemeteries in PA.. In June of every year the city of Johnstown holds a massive motorcycle rally known as Thunder in the Valley. The rally attracts over 100,000 bikes and soon will be on a par with the Sturgis, SD motorcycle rally.

## FRIENDS FOREVER!

The author is unknown. I have edited and personalized it to fit our mold

On the 23<sup>rd</sup> of August I turned 71 and was asked how I felt about being old. I was taken aback, for I do not think of myself as old. Upon seeing my reaction, that person was immediately embarrassed. A little something to put age in perspective...Our 5 year old grandson, Tyler Austin Green, just turned five in Tucson, Arizona and the next day he asked "Mommy am I still five today?" In November 2007 we will have been married 48 years and we've survived the storms by learning how to dance in the rain.

### Old Age is a gift

I am now the person I have always wanted to be. Oh, not my body! I sometime despair over my body, the wrinkles, the baggy eyes, and the sagging belly and butt. And often I am taken aback by that old person that lives in my mirror (who looks like my dad!), but I don't agonize over those things for long.

We would never trade our friends, our wonderful life, our loving family for less gray hair or a flatter belly. As we've aged, we've become more kind to ourselves, and less critical of ourself. We've become our own friends. We don't scold ourselves for eating that extra helping, or for not making the bed, or for buying the gazebo that we didn't need, but looks good in our backyard. We are entitled to a treat, to be messy, to be extravagant. We have seen too many friends leave this world too soon; before they understood the great freedom that comes with aging.

Whose business is it if we choose to read or play on the computer until 1 AM and sleep until noon?

We still dance to those wonderful tunes of the 50, 60 & 70's, and if we, at the same time, wish to weep over a lost love .. We will.

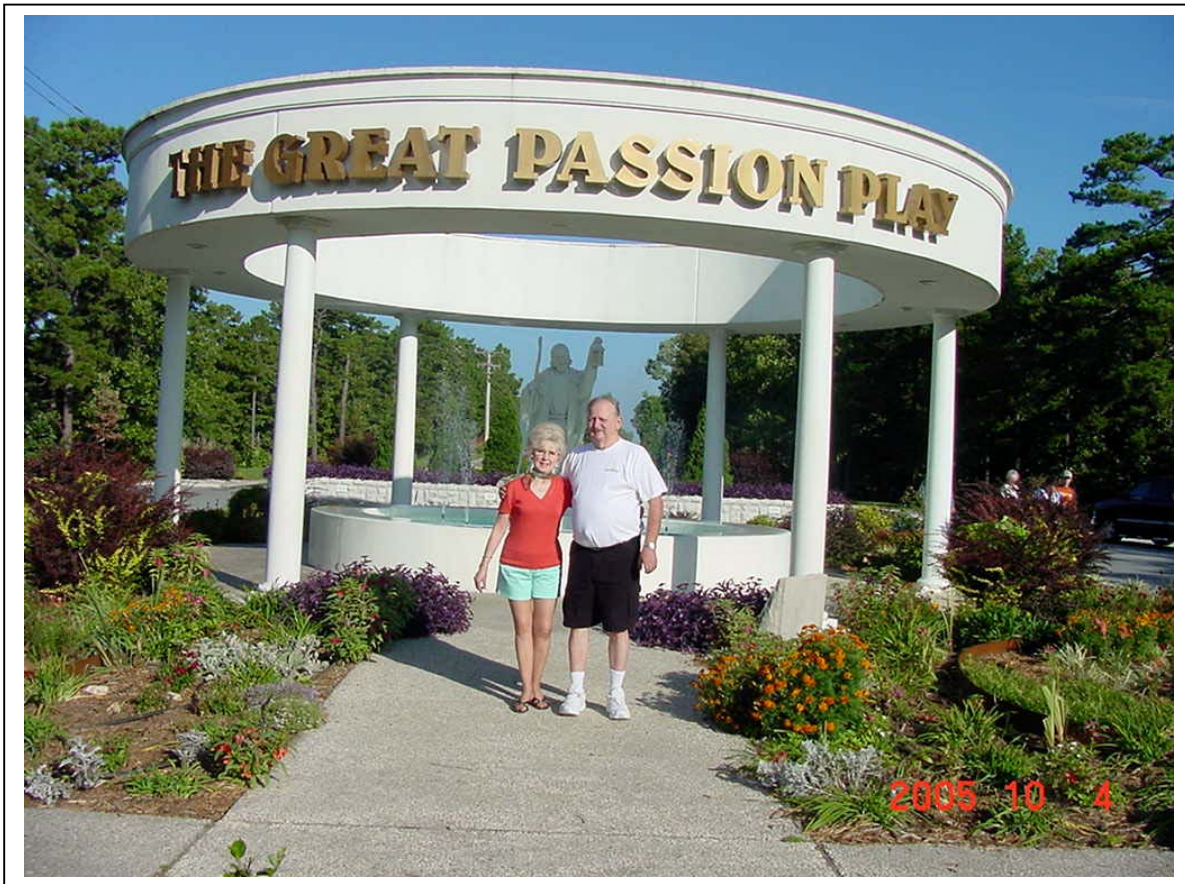

We know that sometimes we are forgetful. But there again, some of life is just as well forgotten, but do remember the important things.

Sure, over the years our hearts have been broken. How can your heart not break when you lose a loved one, or when we lost our beloved poodle RAJE. But broken hearts are what give us strength and understanding and compassion. To realize the value of a friend...lose one.

We are so blessed to have two fine sons and lived long enough to have our hair turning gray, and to have our youthful laughs be forever etched into deep grooves on our face. So many have never laughed, and so many have died before their hair could turn silver.

As we get older, it is easier to be positive. We could care less about what other people think. We don't question ourselves anymore. We've even earned the right to be wrong. So, to answer the question of getting older, We like being old. We like the person we've become. We are not going to live forever, but while we are here, we will not waste time lamenting what could have been, or worrying about what will be.

Below is a photo that was taken in September 2005 at Eureka Springs, Arkansas and one that we will remember forever.

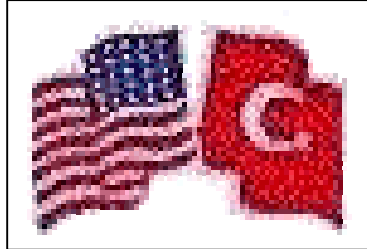

FRIENDS FOREVER! Elder & Patty Green

Art Ellis reports that he and Sally may not be able to attend the 2007 reunion in Myrtle Beach as he is undergoing medical evaluations for a recurring health problem

We've known the Antonello's for a long long time. They will be to the 2007 reunion and they also attend the Chitose, Japan reunions every year.

ASPINWALL, Paul C YOB: 1942 2LT-1LT, 9620 Supply Det 4, 13JAN65-22DEC65, 14 Quail Ridge Dr., Madison, WI 53717, 608-831-0670, [asp@us.ibm.com](mailto:asp@us.ibm.com) - I am attending an ASA Philippines reunion -- for those who were there in late '60s, after the 9th RRFS had been downgraded to a Data Processing and Communications Unit.

By luck today, I sat at breakfast with a couple folks who had also been in Sinop: Bill (Carol) Pruitt was in Det 4 from summer '64 to summer '65 as the NCOIC for the Post Supply operation. He also returned to Sinop in mid'70s. He and Carol live in Campbellsville, KY and I sent them the link to DOOL 177 (after showing them DOOL 175 and 176) at [bobcarol1@windstream.net](mailto:bobcarol1@windstream.net)

Martin Perez lives in Albuquerque, NM. I think he was in Sinop in late '60s, but unsure. I do know he suggested he wanted to get to Trabzon and go into Soviet Union. Strangely, he was not allowed to do so LOL. Another man came up to me about Sinop. It turns out he was there March 66-Mar 67. Merhaba gH, Merhaba Elder, - Made reservations today for the 2007 reunion in Sept. Looking forward to meeting you and having a good time again. In DOOL #176 edition, Bill Harris said he was a mill repairman at site 23 until May 1962. Having arrived 13 January 1962, we must have worked in the maintenance shop at the same time. The mill repairmen I do remember was John Higgins, big handle-bar mustache, he left and went to Viet Nam. Herbert Hilburn, also in DOOL 176, said he was TTY (341.1) repair until August 1962, don't remember him but do remember SP-5 Charlie Woods and Bob Barlage. Bob and I went to school at Fort Gordon, arrived and left Turkey together and rotated to VHFS, got out the same day. Crypto ( 345.1) repair was Frank Drosky and Devisire (not sure of spelling). I think Don Borders was a radio ( 286.1) repairmen. See you in Myrtle Beach.....

Hi Al: I had a pleasant surprise today. I got a call from a fellow Det 27 ASA'er who I only vaguely remember. He shipped out of Det 27 in December of 1962. He remembered me well enough to call me from a vacation spot in Wisconsin and we had a nice conversation. He got my phone number from Paul White. He said he was unaware of the D.O.L. and showed some interest in getting caught up on what you have on record so far on the Det 27 personnel, so I'm forwarding his cell phone number and his name.

He is: Russ Hjelmberg Cell 815-762-5537. He said he lives in Dekalb, Illinois. Just in case this info is helpful in keeping tabs on another old ASA'er. He said he was an 059. Best Regards, Ron Hillmer

Al: I couldn't agree more! When my beloved Grandmother turned 80 back many years ago she gave her family the same basic speech about what a great privilege it was to be able to grow to be an old person. She considered it a

blessing and I learned a very valuable lesson from her about that. Now that I'm in the "Geezer Class" myself, I'm applying this philosophy too.

Thanks for sending it along.

Best Regards,

Ron

Merhaba Elder

I talked to Howard Smith tonight, he is coming to reunion and going to call Ken Whitman in Delaware a guy who was there at the same time he was to encourage him to come. Howard lives in Swansea S.C. a small town near Columbia. They were both 058s 62 63 on Tk 2. I also talked to Don Mattocks again he says he has a conflict with the date. I will try Attaturk tomorrow but I thought I saw his name in some correspondence that he was coming. Our number is going up slowly but in the right direction. I was at Maxwells last night and confirmed our date I ask Buffy about comps for 4 and she said they had not done that before but she would talk with the owners. You never know until you ask. Good news on the speaker, I am going to call the belly dancer to confirm later this week. If you can set up some activity on a daily basis for us. I understand you have some film from Manzarali from Phil Friek and we have the code tapes we could do the film one day and the tapes another. I think we will have a lot of people out and about but we need something planned each day for a short period I think, what are your thoughts? Enough for now talk to you later.

Name found on Trick 2 roster sent by ex-SGT Francis A. Siebenaler and first name was remembered by Tom Lazzara. I called Lallier on 11 August 2007. At first he was very apprehensive about me asking questions about Det 27 as he had forgotten that designation.... And after a while knew that I was who I said I was and immediately admitted that he was stationed at Manzarali and during that time had a bad attitude, but now admits that it was a pretty good assignment and job as a drafted ditty-bopper. Was drafted at the Fargo, ND recruiting station and while in basic was selected for ASA duty and training at Fort Devens as a ditty-

bopper. Was married and lived in Worcester during the 05H training. Received orders for assignment to Det 27 and Pat returned to Minnesota while he was in Turkey. Admits to be a visitor to the kara hani as a look-see for himself as it was the thing to do once in a while. Remembers the company commander being a West Pointer named Gerald Gibbs and his roommates being PFC's Allen, Reed and Dennis Bloom, III.

We have looked over this September time frame and fine that we are unable to attend the 2007 reunion. Expecting our first grandchild soon after and since I am still working must save the time needed for the big arrival.

Here is a short update on our whereabouts since Turkey :

I was stationed at Fort Dix, recruiting for ASA and made E7 there. We stayed there 2-years, added a son, Bruce, to our family then went to Maryland for Agents Course 97 Bravo. Carol and Bruce went to Atlanta to live with family. After school it was on to Vietnam, then back to Atlanta for 3-years; while there I attended Sr. NCO Course in AZ. Next station USASA Filed Station Augsburg, Germany (job: spook, one of the guys no one wanted to talk to). Next duty station CINCPAC Honolulu, Hawaii where I made MSG E-8. Tough assignment (LOL) for 5 ½ years; returned mainland in July 1982 and retired in September 1982. We now make our home in Georgia just a stones throw from Stone Mountain . Twenty-five years later, I am still working and looking to retire soon. Our son was married 9 December 2005 in Kailua -Kona, Hawaii and we now eagerly await the arrival of their first born.

I am on left, next wife Carol, son Bruce, wife Heather & Heather's family)  
Those good times in Turkey seem a million years ago, yet just yesterday; good times/good friends. Miss that bowling league, those Clint Eastwood spaghetti westerns where we all cheered or booed, and the many fun nights at the NCO club.

Anyone out there remember Jim Smith & family? If so let me know just put ASA info in the subject line so I don't think it's spam. Great to read all the news & thanks again! Daniel Menhennett

The info on the 2007 Myrtle Beach reunion just came too late. I want to get the others involved that I still have contact with, but could not get together. Will be very interested in next year, don't forget me. Thanks again and hope that the ribs are good as new.

You or any other veteran can join up with us. Everything you need is right there on the web page; just download it and mail it in with a check for \$31.. We are only three members away from being the first Post for 2008 to reach

100% goal in our Division III in Texas. We have a lot of members who have joined because they liked the web site and the daily updates we do. We try hard to keep politics and religion out of it, according to American Legion policy, but sometimes it is hard to do when they both play such an important role in today's America. But the good news is we are free to Support the Troops in whatever way we can. I was a Post Commander for four years in a row, plus served as Chairman of the Dept (State level) Public Relations Commission for four years, and on the National American Legion Press Association (NALPA), including Vice President for two years. I chose not to run for President when my turn came because of my lung problems. So now I am mostly just an administrator (pencil pusher and numbers counter, lol.) But it keeps me out of trouble and keeps my mind active. I am also the one who decides what goes on the web site, etc. I have a good member who does the actual technical work part, and he lives all the way up in Idaho.

I am honored at your considering me to speak at the ASA Turkey reunion. I hope to be to the 2007 ASA Turkey reunion, but like the other ASA Turkey reunions I may not be able to make it because of health problems. I have only one lung and am rated as a 100 % disabled vet. I get out of breath just talking a few minutes at a time. My voice is weak now (no longer have that Command voice I developed in OCS) and I squeak, squawk, whistle, and whisper many times when I try to talk. I cannot run and even climbing stairs is a chore for me. I have to go real slow as I get winded very quickly and easily, even when taking my medications.

I still am working on the write up on the first officially announced American killed in the Vietnam War, that being James Tom Davis. I knew Jim Davis fairly well at Fort Devens as we were RDF instructors. I've done a lot of research on Davis and am doing a lot of soul searching as to how to reveal those confidential findings and not open Pandora's Box to a lot of speculation..

MOLEND, Charles A (Chuck), YOB: 1939, RA18596665, E3-E5, Det 27, 61-JN62, (Gwen), 317 Arsenal Dr., Ninety Six, SC 29666, 864-543-2071, [chuckgwenm@coastalnet.com](mailto:chuckgwenm@coastalnet.com) – During my chat with Russ Hjelmberg – he discussed Chuck Molenda. And I remembered posting an item on him in a past DOOL. Molenda's name appeared on Det 27 Operations Company Unit Order Number 10, dated 26 March 1962 with 81 others who were appointed to the Permanent Grade of PFC E3 with individual dates of rank indicated for each. CPT Alwin H. Sprehe was the CO. I called Chuck Molenda on 30 July 2004 and had an interesting chat with him. He enlisted for a 3 year ASA assignment in July 1960 at Dallas, TX. Took basic at Fort Leonard Wood and then onward to Fort Devens for ditty-bop training. Was transferred to 059 after failing to pass 22 wpm. Upon graduating, was hoping for duty in Germany, but because he had GOOD TEETH was sent to Det 27 where dentists were 'supposedly' non-existent. Those with BAD TEETH were sent to Germany. Arrived in Ankara in a Turk DC-3 that had a hole in the fuselage that was stuffed with rags! Was assigned to Trick #1 where 1LT Ralph Stevens was the Watch Officer. Was the

QB and catcher for the TK#1 Flag Football and Fast Pitch Softball Teams respectively. Remembers Walt Dubicki, Alejandro Lara, Dave Cismoski, Roger Robbins, Chuck Teschker, Russ Hjelmberg, Dan Nass, Vic Thiedek, Bob Simonsen, and Watch Officers Jud Reynolds, Dave Tavernetti, and Freddy Frye and the company commander Gerald G. Gibbs. Said that Lt John Leopold was one of the officers who reviewed his OCS application at Det 27. Departed Manzarali in June 1962 for OCS at Fort Benning. Was commissioned a 2LT in May 1963 and sent to Fort Devens for ASA indoctrination and in July 1963 went to Fort Rucker for Flight Training in the OV-1 Mohawk aircraft. Was sent to Hanau, Germany as an observer for a Artillery Battalion there. Next assignment was to Phu Bai in an aviation company. There his company shared a Mess Hall with the ASA at Phu Bai where he ran into Judd Reynolds. Wanted a stateside assignment after Vietnam, instead was sent back to Hanau, Germany. Near the end of that assignment - received notice that he was being assigned back to Vietnam. That was too much and Chuck Molenda resigned as a Captain even though he was on the Major promotion list which would have required a 2 year contract extension. Instead he got out and went to the Univ of Texas at Arlington and graduated with a business degree in 1970. Retired at age 59 in 1996 as a Vice President of Cox Communications. His military awards include the Aviation Wings, the Distinguished Flying Cross (4<sup>th</sup> highest), the Air Medal with 17 clusters, the Bronze Star, the Army Commendation Medal with V device, the Vietnamese Cross of Galantry

I saw the patch for Det 4-4 and would like to purchase one. Turkey was and probably still is, an intriguing and beautiful place. It was a great job and the people were really good to work with. A good friend of mine, unfortunately he wasn't ASA, but he has a house in Myrtle Beach and I will start making arrangements to get to the Beach Cove Resort for the reunion. Ed Fielding is in San Diego and used to be in 4-4 also, I will look him up again and let him know. Has anybody got any information about a guy named Willie Toussaint? He was a SP5 and I have been looking for him for years and would like to know how, where and what his life has been and is. Also the money is in the mail for a Det 4-4 patch?

REILLY, James T YOB: 1938, 1LT-CPT, CO Co A Det 27, JL64-JA66, Apt 102B 1400 4th St., Laurel, MD 20707, 301-776-8322, [james.reilly3@us.army.mil](mailto:james.reilly3@us.army.mil)

Those who served at Det 27 in the years 1964 – 1966 should remember Captain Jim Reilly who was then the Company A, Company commander. The First Sergeant was Francis X. McCormick.

I graduated from John Carroll, a Jesuit Catholic University in June 1960 and was commissioned a 2LT in the Transportation Corps. Served approximately 2 years at Fort Story, VA in Virginia Beach after completing officer basic course at the home of the US Army Transportation Corps at Fort Eustis in Newport News. Both specialize in troop training in land and sea transportation. Upon completion of my initial obligation was released back to civilian life in January 1963. Three months later I decided that military life wasn't too bad and went back on active duty and was posted to Camp Leroy Johnson in New Orleans. There I worked with Army boat units. At one time, Leroy Johnson was known as the New Orleans Air Base and was located on the south shore of Lake Pontchartrain. While there I volunteered to work with ASA. In June 1964, I was sent to Fort Devens and then made my way to Det 27 in Turkey. I arrived at Det 27 which was known as Manzarali Station and as Site 23 in July 1964 and enjoyed my 18 months there. I initially worked for Maj Dave Lynch who was the Operations Officer and Maj Freddie Musgrove who was his deputy.

Next I was given command of Co A which was the Operations Company. I took the above photo shortly after taking over as the CO. The sign reads PLATOON OF THE MONTH which was Trick 1. Underneath, L-R reads: DISCIPLINE, ATHLETICS (Trick 3), SOLDIER OF THE MONTH (Trick 4) & INSPECTION (Trick 1). The First Sergeant was Francis X. McCormick.

I include this Operations Company barracks and trees photo of 1965 to remind the tree breakers of the early 60's that they did not get them all, only made them look out of shape!

The above is a 1966 photo of the Det 27 Headquarters

The above photo is the Manzarali Station PX building. I'm wondering whose VW bus this was. Anyone remember?

Others that I remember are Col Bart Barton, LTC Homer Butler, Maj Claude Vannoy (Maj Lynch's replacement), Maj Walt Hughes, Capt John Anderson and Lt. Jerry Hurst who both worked at Det 17, (I have been running into Jerry Hurst off and on for the last 40 years.) Lts. Babcock and Crane and of course Lt. Russ Heinen who has been my friend ever since.

After Det 27, I went back to Devens for the career course. Spent a couple of years in DCSLOG at Arlington Hall Station. Went over to Nam. Spent a few months as the S4 of the 303rd RR Battalion at Long Binh and then commanded the 175th RR Company at Bien Hoa for a while. Lt Col Roscher and Lt Col Jim Freeze were the 303d Battalion Commanders during my tour. Capt Walt Wolff from Det 27 was in the 303d during that period. Did another tour at the Hall in DCSFOR and then did the Command and General Staff College thing at Fort Leavenworth. Spent some time in ACSI then had some fun working with a Joint Operational Test dealing with Electronic Warfare. Spent a couple of years at USAREUR as the boss of the CSG. Did some time at Fort Meade and then ended up my career working with and for the Army Staff DCSOPS types. Information Operations (IO) started to become a big thing in 1991 and as luck would have it, I got involved in that mission area. I sure wish that I could remember the names of the NCOs in Operations that taught me about the business but I can't. I retired from the Army in 1989 as a Lt Col and am currently working as a civilian in the Pentagon as the 1<sup>st</sup> IO Cmd's LNO to the ARSTAF. Thanks for all the work you are doing.

Rawligh and Roberta arrived late to the 2007 ASA picnic at Blobs Park and did not make contact with the gH and Patty. Rawligh is an unusual first name. He was an army brat and his father named him, but no one realized that the birth certificate had it spelled Raleigh.

Rawligh's elementary school teachers questioned the spelling and his mother confirmed that Rawligh was the correct spelling. No one ever questioned the spelling after that until Rawligh requested his birth certificate in 2005, & found his name spelled as Raleigh. Rawligh had to submit lots of paperwork to get his Birth Certificate 'corrected'.

Rawligh enlisted for 4 years in the ASA in Baltimore, took basic at Fort Dix and then went on to Fort Devens where he completed EW operator training and was awarded MOS 98J. First assignment was to Fort Hood and then sent to Fort Meade & finally to Det 4 in Sinop. Enjoyed his year on the hill and does not remember any names.

Received a 6 months early out and tried to be hired at NSA, but a hiring freeze existed and Rawligh went to work for the phone company in Montgomery County in Maryland and retired in 2003 with 33 years of service. Enjoys the monthly DOOL newsletter..

Simple question. How is the hospitality room financed at our reunions? Our Chitose reunion leaders include the hospitality expenses with our banquet cost. We are paying \$55.00 a person to cover the banquet and hospitality cost for our next reunion in New Iberia, LA. We usually pay the same at all of the reunions, sometimes \$5.00 less. Depends on what is being served at the banquet. I was just curious because I can only remember sending something extra when we were in Huntsville. [The hospitality cost for the ASA Turkey reunion is \$5. pp. Luther Mac & Edna Jones, the 2007 reunion hosts, will be stocking the hospitality room with a lot of extra's this year. They insure me that it will be a hospitality room that attendees will remember]- -gH

I have been trying to re-establish contact with Eddie and his wife Mary to invite them to the 2007 reunion and for Eddie to speak to the group at the banquet. . Eddie was severely beaten by a Turk soldier at the Front Gate to Diogenes Station (Det 4) in early June 1961. He told me that he remembers very little about the riot but that it was a

horrifying time for him and his emotions were filled with horror, fear and anxiety. He recalls that he stumbled inexplicably when exiting the jeep and only that one of the Turk soldiers was trying to stab him and very little else about the incident. The severe head wounds that he received that day resulted in him getting a medical discharge. In 1966 he was saved and since then has been a Church of God minister in the Warner Robins, Georgia area. Mary, his wife, is in poor health and is confined to a wheelchair. They have 3 sons and a daughter. One of the sons is a LtCol in the US Army presently attending one of the War Colleges..

I will appreciate if anyone can find Eddie Wood before the 23<sup>rd</sup> of September
