A black and white photograph showing a large, multi-story building complex, possibly a government or institutional facility. In the foreground, there is a prominent circular driveway or landscaped area with a low wall. Several vintage cars from the mid-20th century are parked in the lot. Utility poles and power lines are visible throughout the scene, and the background shows more buildings and a clear sky.

MAIL call - PRESERVING FORGOTTEN MEMORIES

Your memories are most welcome to the ASA Turkey DAYS OF OUR LIVES and is an effort on my part to preserve the stories and memories of ASA veteran's who served in Turkey during the COLD WAR with the Soviet Union. The ASA no longer exists and in its place is INSCOM with its Hqs at Fort Belvoir. Like most of you – I'm wondering what is the REAL mission of INSCOM today. During the cold war the predominate MOS was the ditty-boppers and traffic Analyst – now it is ??

Recently I've been having computer problems and some emails may have been lost – thus if anyone's emails have not been included herein – please re-send to me.

The planning for the 2013 reunion continues and it is hoped that those planning on attending would call in their reservations and send the reunion fees to Hal "Winkie" Winkler at 12195 Thames Pl., Cincinnati, OH 45241.

INFO ON THE 2013 ASA PICNIC

Date: Saturday, 3 August 2013 - Where: Blobs Park, Md. Time: 1200-1500
Buffet menu: Bockwurst - Bratwurst - Schnitzel - Red cabbage & saurkraut
Cost: \$25. Per person – If interested send your names & the fee to: ASAAANCR, P.O. Box 234, Occoquan, VA 22125 - Directions: Fm Rt I-95 or I-295 – Go East on Rt 175 – Look for Blobs Park signs on Right.

The INSCOM Historian, Michael Bigelow is coming to the picnic. He is bringing a box of 'The Most Secret War' to give out as door prizes and to aid in fund raising. Also author, Lonnie Long is coming. He co-authored: 'Unlikely Warriors, The ASA's Secret War in Vietnam 1981-1973'. He will have a bunch of his books autographed by himself and his co-author, Gary Blackburn for any who may wish to own a signed copy. This is a highly recommended read for those interested in the SEA War. Nels Johnson informs that he is getting a bit worried, but not much, but a bit worried about attendance at the annual picnic.

Per Nels Johnson this could be our last Hurrah at Blobs Park. We, the kitchen cabinet, are getting older and travel is getting harder to just get on the road any more. Without a few new, if not younger, volunteers to keep the event going, we will probably have to cut back to our monthly VFW get togethers in Occoquan where all are welcome to join us for beer and pizza and work on improving/enhancing the Alumni web site which we now have for at least another year.

The organization needs 'younger' ASA veteran's to get involved and keep the ASA spirit alive. Send your suggestions to Nels Johnson at nelson.johnson@verizon.net with Cc to Harry Dykes, harrydykes@verizon.net and Jerry Tartt at jwt8576@comcast.net

From: "Nelson Johnson" <nelson.johnson@verizon.net>

Subject: Tony Antonello

I received word 17 June 2013 from Nels Johnson via Dan Taylor that our friend Tony Antonello recently had a medical emergency that required surgery at Walter Reed and that he is now home recuperating under the TLC of his wife Val. We called Tony and he informed that he became ill on 31 May and thought that his sinus was acting up, but it kept getting worse and he went to the Fort Belvoir hospital. Their tests found that he had a subdural hematoma of his head which occurs when blood veins ruptured between his brain and the outermost membrane layers that cover his brain. He was immediately rushed to Walter Reed for surgery. A hole was drilled into his skull to drain the leaking blood and it was successful. and required 26 stitches. If you wish to call him, he can be reached at: 703-239-1739

My dear friend Harold "Winkie" Winkler, the very competent ASA Turkey treasurer – is again undergoing chemotherapy treatments for leukemia. Winkie is in good spirits and Intends to beat this disease again. If you wish to call him, he can be reached at 513-489-5308.

VETERANS OF ASA TURKEY DETACHMENTS**

VETERAN ELIGIBILITY FOR A FREE AMERICAN FLAG AT DEATH

Any honorably discharged veteran is entitled to a burial flag, which upon interment is folded and presented to the family as a keepsake. Usually the funeral director will acquire the flag for the funeral; however every veteran and the family of every veteran must be aware of the free flag provision and remind the funeral director.

BRICKER, Paul E., Jr., DOB: 1AU1929 DOD: 15JN2013, E7, 98J, NCOIC Hippy, Det 4, 70-71, (Rose),

Paul E. "Brick" Bricker Jr. "caught the bus" peacefully at his home 15 June 2013 with his loving family and two faithful companions, Willie and Billy, by his side.

Born on August 1, 1929 to the late Paul E. Bricker Sr. and Florence M. (Kilgore) Bricker.

Paul is survived by his wife of 62 years Rose V. (Aughinbaugh) Bricker; a son, Paul E. Bricker III of Clover, NC; 3 daughters, Denise P. (Bricker) Dempsey of Hutto, TX; Carol A. (Bricker) Snyder of Wake Forest, NC; and Joanne (Bricker) Gaudet of Ayer; a brother, James P. Bricker of Miffltown, PA; a sister, Debbie (Bricker) Mielewski of Berlin, NJ; 9 grandchildren and 11 great grandchildren.

Paul's true passion was bass fishing and went out whenever he could. He was an avid Boston Bruins fan. He was a proud American and dedicated his life to the love of his country by serving 22 years in the Army Security Agency.

BRINKMAN, Parker H., DOB: 22MR1934 DOD: 23JA2011, RA16542138, CPL/SP2, Det 4, 7AP56-AP57

Parker Brinkman a resident of West Chicago was born March 22, 1934, in Elmhurst, and passed away Sunday, Jan. 23, 2011, at Central DuPage Hospital in Winfield. Parker was a member of the Wheaton Masonic Lodge. He was the beloved husband of the late Judith;

BURCH, Joseph T., YOB: 1938 DOD: 4JN2011, 72y, RA15565911, E3-E5, 058, Det 4, AU68-MY59, (Sue), 108 Tahoma Rd., Lexington, KY 40503,

Joseph T. Burch, who spent more than 40 years at the University of Kentucky serving in various roles, died of cancer in Lexington on Monday. He was 72.

Some of the positions Mr. Burch filled before he retired in 2001 include dean of students, deputy general counsel, director of police and campus safety, and vice president for university relations.

John Herbst, director of the UK Student Center, told The Kentucky Enquirer that Mr. Burch was the "utility man" for the university.

"Every time there was a significant issue, project or long-range vision for the university, it was Joe Burch that the university would come to, to handle it. He represents everything that is true, noble and right for people who work in higher education," Herbst said.

Friend Robert Lawson, a law professor at UK, had similar comments.

"He was one of the best and smartest people I've ever known," Lawson said. "Anytime there was a major problem, it was typical for presidents of the university to call upon him."

Mr. Burch graduated from Holmes High School in Covington and enlisted in the Army in 1956. Upon his return, he enrolled at UK and received his bachelor's degree in economics in 1962 and his law degree in 1966.

13-17 October 2013

WHERE

Beach Cove Resort
4800 South Ocean Blvd
North Myrtle Beach, SC 29582
1-800-331-6533

SOMETHING FOR THE EARLY ARRIVALS TO THINK ABOUT

On Saturday 12 October 2013 Charley Pride will be featured at the Alabama Theater. For the past 30 years, Charley Pride has been one of the Top 20 best-selling country artists of all-time. His golden baritone voice has transcended race and spanned generations. One of his biggest hits is "Kiss an Angel Good Morin". If interested, contact Luther Jones (910-228-3995) ASAP. In the interim use google.com Charley Pride at the Alabama Theater for ticket info. etc.

THINGS TO DO IN MYRTLE BEACH, S.C.

Myrtle Beach is celebrating its 75th anniversary of its incorporation

DETAILS TO FOLLOW WHEN REGISTERING FOR THE REUNION

Please select your condo room type from below and call: 1-800-331-6533. Inform that you are with the ASA Turkey reunion group and indicate your arrival and departure dates.

THESE RATES INCLUDE ALL THE TAXES AND FEE'S

_____ Oceanfront Executive Suites. One bedroom with 2 queen beds. Living room. Kitchenette. 1 bath. Private balcony with a direct view of the ocean. \$82.99 per night.

_____ Oceanfront 2 Bedroom Condo. Master bedroom with king bed. Second bedroom with 2 double beds. Living room. Full size kitchen. 2 baths. Private balcony with a direct view of the ocean. \$114.24 per night.

Please study the condo rates closely. The 2 bedroom condo's each have a private room and bath and could save attendee's money if they would like to share with a friend. If anyone opts for the 2 bedroom condo – only one needs to call in the reservation, but let me know ahead of

time the names of those who have opted for this money saver. In 2007 Patty and I shared a 2 bedroom condo with my brother without any problems.

****Please note that if you go to the Beach Cove website and check the room rates – the rates listed DO NOT include the TAXES etc.**

Rates are valid 3 days before and 3 days after reunion.

Please note that the room rates does NOT include a free breakfast! We bargained hard to have it included without success. Those who desire the breakfast can obtain the vouchers at the front desk for \$9.50 per person, per day. HOWEVER, keep in mind that the hospitality room will be stocked with a continental style breakfast throughout the reunion and will be a good time to meet other Turkey vet's and their wives.

SUNDAY ACTIVITIES

Sunday at NOON – 13 October - - - The Badges and Registration for the reunion will be in the hospitality room. The hospitality room will be stocked with snacks, soda and finger food for those hungry. There will be a notice posted in the hospitality room for those interested in a nearby restaurant for the evening meal and it will be pay as you order.

MONDAY ACTIVITIES

Monday morning – 14 October - - - A continental style breakfast will be available in the hospitality room at a specific time where everyone can mingle and get to know the others in attendance.

Monday evening – 14 October - - - We will depart the Beach Cove at 4:45 pm and car pool to the nearby Barefoot Landing across Hwy 17S and park in the Alabama Theater area, then walk to the T-Bonz Gil & Grill restaurant, be seated and then order one of the below 4 selections:

1. 10 oz. Prime Rib – Cooked to desired temperature. Served with fried shoestring onions and garlic mashed potatoes.
2. ½ Rack of Ribs – Half rack of our “Almost Famous” baby back ribs coated with BBQ sauce and served with apple walnut cole slaw.
3. Bourbon Glazed Pacan Crusted Chicken – Served with black beans and rice.
4. Edisto Fried Shrimp – with Cocktail sauce and served with seasoned fries.

Each meal includes Side Salad and a house dessert of Chocolate Cake.

The cost for this meal and show will be \$49.50 per person.

After the meal – we will walk to the Alabama Theater, enter and be seated in the middle section NLT 7 pm.

EVERYONE ENJOYED THE ALABAMA THEATRE SHOW IN 2007

The Alabama Theatre's "New" show, is the #1 show in Myrtle Beach. It incorporates the latest Broadway hit as well as Gospel, Pop, Rock and Country into the show along with the well known comedian Ricky Mokal. The pre-show begins at 7:15 pm and the show at 7:30 pm. It lasts 2 hours with a 20 minute intermission.

TUESDAY ACTIVITIES

Pasta Salad Vinaigrette
Oven Roasted New Potatoes
Seasonal Vegetable medley
Warm Rolls and Butter
Chef's Fanfare of Delectable Desserts
Regular Coffee, Decaf or Orange Pekoe Tea

The cost for this meal is \$40. Per person.

After the meal – Jay Goodman will take over as the emcee and will set the tone for the evening to ensure that everything runs smoothly and swiftly. Jay will rescue anyone from boredom and will keep the mood on an even keel by cracking jokes and or anecdotes while introducing several guest speakers who will be called upon to discuss their Turkey experiences.

After this Jay will call upon most in attendance to talk about the hi-lites of their tour in Turkey. Jay has a distinct skill, is easy going, but at times loud and will dig deeper and keep

asking questions that will make everyone's talk interesting. Jay served at Det 4 as an MP - is a biker.

At the Pittsburgh reunion many were called to the podium to recall their friends, adventures and escapades while in Turkey and this was enjoyed by all.

Lastly - door prizes will be drawn ending the 2013 reunion

Elder - Jerry Box here. I've re-located to Florida. I lost my wife of 51 years on the 3rd of June of 2011 and had nothing to keep me up north (at Susquehanna, PA) with all the coldness and snow so I'm back in Florida.

We have a breakfast group here of all old ASA retirees and we meet the 1st Tuesday of the month and re-hash old times. Would like to get back on your mailing list again. My new email is geraldbox87@yahoo.com Jerry Box

On June 6 I had a minor stroke in the cerebellum. Has to do with balance. Well it was very spinning and dizzy and sick at stomach for a while.... I got to the doctor and he told me I had a stroke after cat scan. Funny thing I had a TIA on Sunday and got alright in in a few hours. that was called vertigo. But all changed with June 6. Now I'm in rehab and will get out soon. All is progressing steadily and will not have much if any affect. Later, Jim

Elder,

Vicki and I will be arriving on the 12th. We have made reservations for the Charlie Pride show. Two weeks ago Vicki and I were on a five day trip though the southeast. We stayed one night in Augusta then on to Myrtle Beach for two nights. We stayed at the Kingston Plantation Embassy Suites. The first evening we attended the wonderful musical Carolina Opry. Myrtle Beach has sure grown since we last visited there many years ago. During our second evening we ate at the Bimini Oyster and Seafood Café. This was a very small place and it was packed. The conversation noise was almost unbearable. We finally were seated when we ask for an outside table. The band started to play as we were leaving. By this time it was around 8PM. We then went to the Club 2001 that was located behind the Bimini. The club had two separate dance floors. One was for the younger set and I smelled smoke when I stuck my head in the door. We decided that the other dance floor was to our taste as it was non smoking. There was a \$10.00 cover for all males. Females got in free if they arrived before 9:30PM. There was a disc jockey when we first arrived. Just about all the customers were around our age. Younger folks started to filter in when the band started to

play. There were four guys in the band along with a female singer. They were wonderful and played music that cantered to all ages. We stayed and danced until 12:30 in the morning. After leaving Myrtle Beach we stayed one night in Greenville. This is a wonderful little town with a river that flows through downtown. There are many places to eat and quaint shops. The next day we left and ended up in Chattanooga where we saw our granddaughter in a musical recital. Both Vicki and I are looking forward to again returning to Myrtle Beach. Jim

Hello all....Sharon and I have switched from not sure to probably. Our schedule has wobbled a little bit and right now we are planning on making the trip.

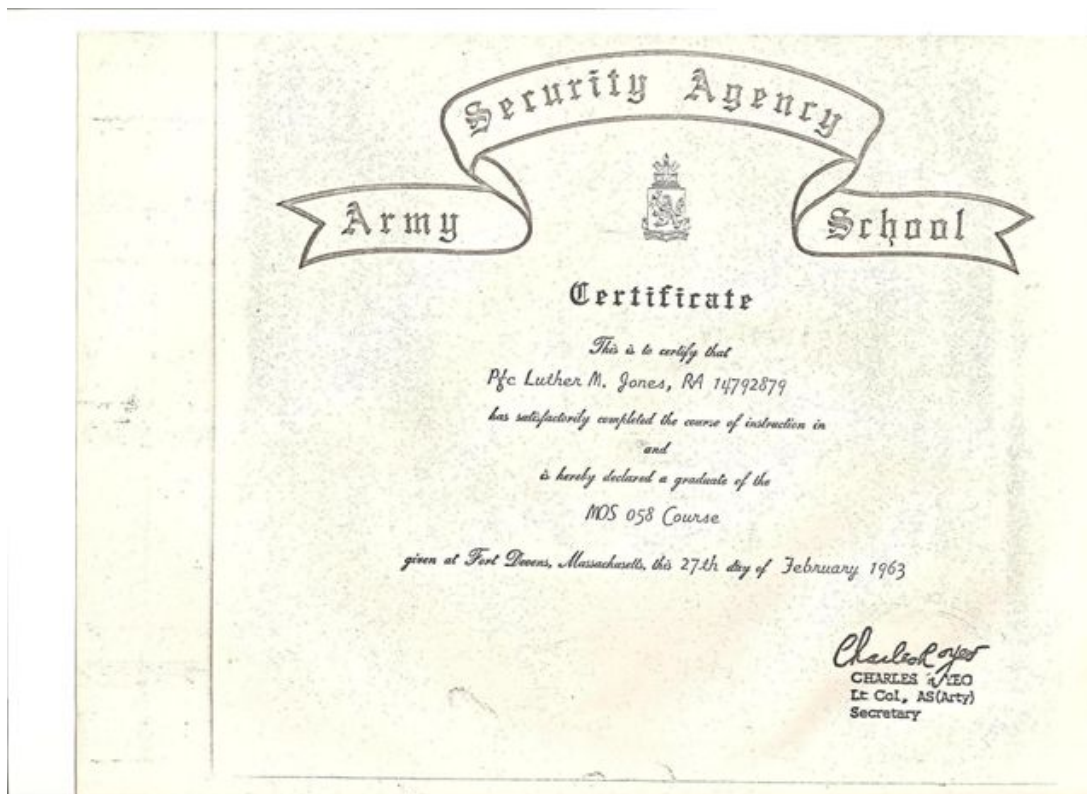

I need to go back through all the emails and find the registration and reservation information.

KEANE, Raymond , 2LT-1LT, Det 4 at Sinop & Samsun, AP56-JN57. The following was received from his daughter Jo Keane Kellum

Hello:

My father, Ray Keane, (Raymond Aloysius Keane, Jr.) served with the Signal Corps in Sinop, Turkey 56-57. As you posted in DOOL #195, my father passed away in 1999 at the too-young age of 64. I am the third of Ray's four daughters (and the one who looks just like him.) As you know, my parents met in Turkey. My mother, Jane, was teaching English in Istanbul. My name is Jo Kellum (full name: Joann Keane Kellum). Interestingly, my husband's name is also Ray...and his parents' names were Raymond and Jane!

I am reaching my father's service and not having much luck. In fact, if it weren't for you and DOOL, I would have nothing at all!! I have not even been able to find his name online in any lists (Signal Corps or ASA) on military websites.

I'm particularly interested in this:

-- excerpt from Jim Mullholand's bio in DOOL #127 --

Sinop was a good place to be stationed. After we became operational, our success came one night, when the group intercepted their first inter-continental ballistic missile fired from the Russian site in Kapustin Yar. The success of this intercept was sent directly to President Dwight Eisenhower.

My father, Ray Keane, was the secret courier who took this information directly to the Pentagon. He said it (a reel?) was padlocked to his body under a suit of civilian clothes and he flew on a commercial flight (with a pistol!) from Istanbul to DC. He delivered the reel directly to the Pentagon and went straight back to Turkey.

I feel that surely the records of my father's secret mission have been declassified by now but I have no idea of how to look for them.

I'm very sorry to learn that Jim Mulholland passed away in 2011. I treasure the photo you posted of Jim and my father in DOOL #195.

I wish my father could have attended a Turkey reunion. How he would have loved that!! I am grateful for all you have done to record the memories of everyone.

Please feel free to forward this as appropriate. I welcome any suggestions you may have!

Thank you very, very much,

Jo Kellum, email: jokellum@bellsouth.net

Above is a photo of Kathy and Gene Schnagl relaxing on the Med. in Malaga, Spain in 2012

Born and raised in St.Paul, Minnesota. I was a big city boy who loved the outdoors. Active in the Boy Scouts I canoed the Boundary Waters of Minnesota, fished, hunted,

became an Eagle Scout and enjoyed the Minnesota outdoors with my Dad and brothers.

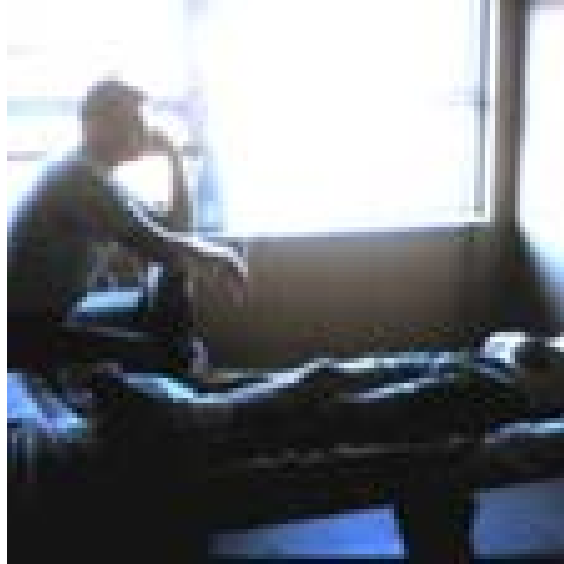

In 1963 while attending the University of Minnesota I developed a "John Wayne" attitude and enlisted in the Army for the 101st. Airborne. After a few extra tests with the Recruiter I found myself going into the ASA and didn't even know what it was.

Completed Basic at Ft. Leonard Wood, MO. and then on to Ft. Monmouth, N.J. Army Signal School where I became a 993.1, Countermeasures Search Analyst. Next stop was Sinop, Turkey.

1963-64 I spent freezing on The Hill in the winter and dying of heat in the summer while making lots of great friends and building lots of great stories.

Returned stateside and went to Ft. Huachuca, AZ where I finished out my hitch with the 52nd ASA field testing new equipment.

Al, My name is Gene Schnagl and I served in Sinop, Turkey 63-64. I'm not sure how many of the old crew are still around but I am interested in the details of the upcoming Reunion. Any information you can provide will be greatly appreciated. I will look forward to your response. I have attached my Vitae for background information purposes. Take care, Gene

SUMMARY

I retired from a 27year law enforcement career. The majority of the years were spent as a Homicide Investigator in the State of Minnesota. My experience also included assignments as an agent in undercover organized crime task force and undercover narcotics task force. My last two years in law enforcement were as a Polygraph Examiner and Professional Interrogator. In 1991 I retired from law enforcement and

moved to Milwaukee, Wisconsin. I married my wife, Kathy, and started a new career as Regional Security Manager for Bank One Corp. I was responsible for the states of Wisconsin, Illinois and northern Indiana. During this time I developed a strong interest in Great Lakes boating. After 10 years at Bank One I retired and devoted my time to my boating interests. In 2005 my wife and I began a 6,000 mile cruise on our boat, the Del Coronado. The trip is called the "Great Loop" and we circumnavigated the eastern United States. During the cruise I attended school in Florida and became a United States Coast Guard licensed Captain. After returning to Milwaukee I returned to school and received my 50 Ton Master Captains License.

Found name on promotion list to SP4 on Det 4 Special Order #27 dated 5 November 1957. There were 50 names on this order. I called Ron on 4 June 2013. Said that I was the first to contact him about his time at Sinop. Freely admitted to being old fashioned and not interested in having a computer. He enlisted for ASA duty and took basic training at Fort Leonard Wood. Was sent to Devens and given the

choice of 058 or Crypto training. He opted for crypto training at Fort Gordon where he was awarded MOS 722. His first assignment was to Sinop.

Sorry it has taken me so long to answer about the 2013 Reunion but at this time we are unable to give you an answer either yes or no. So it will have to be no for now. I am having kidney problems and the Nephrologist is keeping a close eye on me.

Thanks again,

Richard "Dick" Swearingen 1958

Richard “Dick” Swearingen 2012

Richard Roy Swearingen was born right in French Camp, CA. and brought up in Lodi, CA. When he was about 4-5 the family moved to Oakland, CA during the WWII to work in the Shipyards.

After the war, the family moved to San Leandro where he attended his primary schooling, and after graduation from High School, he joined the US Army and did his basic training at Fort Lewis, WA.

After completing Basic Training, he was assigned to the Army Signal School at Fort Monmouth, NJ to study Electronic Warfare Equipment Repair, which lasted the better part of one year, and upon graduation, orders sent him back to California for 8 weeks advanced training on an advanced surveillance system called Southwind. At this point he was attached to the Army Security Agency and assigned to duty at a forward outpost base located near the small village of Sinop Turkey right on the Black Sea Coast.

Upon his Honorable Discharge from the Army, he spent the next 10 years with various Electronic firms, finally going to work with TRW as a System Engineer mainly working on Direction Finding Surveillance system and in 1981 assigned as senior system engineer in support of the US Army in South Korea for about one year.

Later posted to Germany on a number of short term (8 to 11 months each), US Army projects to manage delivery, setup, training, and support of mobile Direction Finding systems at several sites around Germany. Later posted for 3 years as senior site manager in support of the US Army's Advanced Airborne DF system called Guardrail. Upon returning to the states, he finally retired after 20 years with TRW which was later acquired by Northrop Grumman Corp.

Along the way, one of his developing interests was the study of his families' genealogy, which is where he ran upon the fact that his fourth great grandfather fought in the Revolutionary war, stationed at Lynn and Salem MA for defense of the seacoast, and later answered the first alarm taking part in the battle of Bunker Hill.

Rich has been married to his second wife Cho for 28 years, has a grown daughter with two grandchildren and a grown stepson with one granddaughter. He is enjoying his retirement in the Foothills of the Sierra just outside of Jackson, CA in a place called Valley Springs, CA.

I was stationed at TUSLOG Det 4 from 1958 to 1959. It was quite an experience that I'll remember for the rest of my life.

I was part of the Southwind crew on the Rock, in 1958/59.

I was trained at Fort Monmouth, NJ. as a 283 MOS electronic technician. I went on to become a System engineer, at ESL which later was acquired by TRW. After 20 years, I retired from TRW in Sunnyvale, CA.

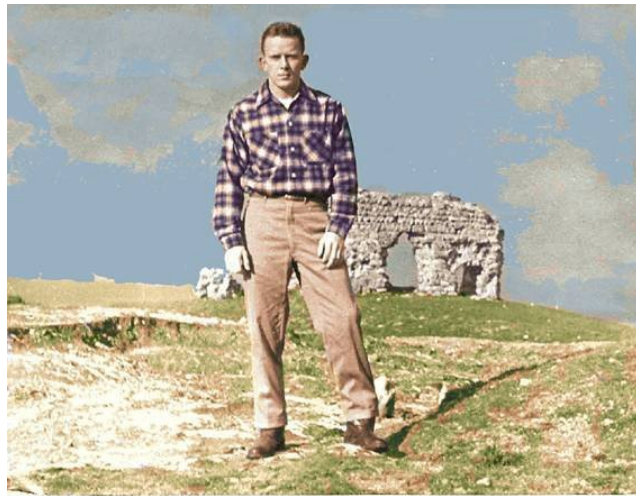

Here are some photo's I ran across that may bring back some memories to other guys that spent some time on the rock

First picture is me coming back from a 10 day leave in Greece on the Black Sea Steamer. I had a great time in Athens and met some of the best looking girls I'd ever seen. For a 21 year old GI I thought I'd died and went straight to heaven. Of course it had been 8 months since I'd seen any females who weren't covered up by their shawls any time they saw a GI coming down the street.

Below is a photo of one of the favorite pastimes at Set 4 - poker. Players are L-R, are: unknown, then PFC Arnold Steffen with glasses, PFC Collins dealer and Dick Swearingen.

Dick Swearingen beside Turk Askera & standing in front of the famous old Greek landmark on the Rock; a site that is burned into my memory for all time.

Here is a picture of the site looking toward the operations area.

Note the Jamesway huts; we were billeted in them for 6 months while the one story wooded barracks were being built.

This is a photo of our equipment being convoyed overland to Sinop by Turkish drivers, accompanied by 1Lt Maynard Thorne and the rest of us on our way to set-up shop on the Rock.

I have a lot of "old" memories of the site:

All of our water was hauled up via truck. Each man had a personal water jar which our houseboy kept filled; except when the weather was bad and the water truck couldn't make the trip due to muddy unsafe roads - there were no paved roads anywhere except downtown Sinop.

The houseboy kept our water jugs clean by sloshing around a handful of dirt/gravel mixed with a little water to rid the vessel of calcium and other mineral deposits - no running water.

Water when available, for the shower building was gravity fed via a water tank on the roof.

Manhattan Style Crystal Water Jar/Carafe Anchor Hocking personal water jar.

Attached is a photo you can add if you like, that I'll bet most Sinopers will remember. Most every time we walked to town to escape the boredom of the Rock or to get some decent chow, small children would run out to beg for goodies.

I remember a funny story that only folks stationed in Turkey will appreciate. While watching a movie in the small darkened building they called a theater the credits began to roll. One of the featured actresses name scrolled up; her name was Betty E. Box. Now anyone who has served a little time in Sinop will learn that "E" in Turkish means "Good". Therefore moments after the name came up spontaneous laughter rang out which perked up everyone's day?

First is a picture I got from another Sinoper, It was taken while I was stationed at Det 4. '58-'59. I'm forth from left, standing. I think he picture is of most of the Southwind crew. We trained on the system in Mt View CA. The system consisted of 2 gutted and then refurbished 584 Radar vans that the system had been integrated into and other assorted equipment. Then some of us Army folks went along with the air crew in three C-130 aircraft when they flew it all the way to Ankara.

L-R: EOL Rep Bob Schauer, 1LT Maynard G. Thorne, SFC Francis M, Kelly, PFC Richard R. Swearingen, MSG Thomas Rando, Charles E. Schoenfeldt. (cschoe4192@aol.com) Front row: SP5 Curtis L. Willard, SP4 Morrison Hogwood, PFC Henery Lowe

Our journey began at Travis AFB in California, then on to Charleston, SC AFB, then to Bermuda, The Azores, Madrid Spain, and finally Ankara. I think it took a total of about 36 hours flying most of the way at around 15,000 feet without oxygen. Of course we could still breathe but it dried us out pretty good, we all had headaches from the experience.

Second picture is taken in town, we would go into the restaurant kitchen and point to what we wanted to eat. As I recall, I never had a bad meal there. However, everything was cooked in mutton fat. Once you got over that, the food was very good. They warned us to stay away from fresh vegetables but it never seemed to bother me. My guess is the water they washed things in wasn't the cleanest or treated very well.

Third photo, sometimes we would wander down to the water front and check out the fishing boats or just do some general sightseeing looking for something different to do with our time away from duties.

Fourth picture - I like of fishing nets drying in the sun. Looking back I guess there were a lot of varied sights that some of us wouldn't see again in our life times. I turned 21 on the Rock and now looking back some 50 years later there were many fond memories associated with my experiences in Turkey, even though, initially I thought I'd been posted to another planet.

I'm enjoying my retirement now at our home in the Foothills of the Sierra just outside of Jackson, CA.
